**Etisalat Misr** is a subsidiary of Etisalat group one of the first telecom operators in the world to launch the 4G with total presence in 16 countries across Africa, Middle East and Asia. Etisalat group entered the Egyptian market in May 2007. Etisalat Misr achieved technology leadership by introducing for the first time to the Egyptian market a host of 3.5G services, such as video calling, mobile TV, mobile broadband internet and data services and launched the 4G on 19th September 2017. Today, Etisalat Misr's product and service portfolio is covered by high quality 2G and 3G network covering and serving 99% of the population in Egypt."

"**BBI**. Founded in 2009, BBI is a global information technology consultancy firm serving enterprise businesses in a diverse range of industries. From digital strategies to applications services to big data management and analytics, we've worked with our clients to survive today's business disruptions by providing them data driven digital transformation solutions that really make the change happen."
